

Children's™
Healthcare of Atlanta
Foundation

January 16, 2014

To Whom it May Concern:

Bob Darin of Tour Players Group has managed the Children's Healthcare of Atlanta Golf Classic for over 20 years. I've known Bob throughout this time and have appreciated the professionalism he's brought to the handling of this event. Over the years, the tournaments that Bob has coordinated on our behalf have been extremely well organized with strong attention to detail.

Pre-event dinners, silent and live auctions, registration, volunteers and on-course golf activities have always been conducted in a first class manner under Bob's leadership. His connections have helped to expand the experience we've been able to provide to our donors/participants, and my staff has always had an easy and enjoyable time working with Bob.

I look forward to continuing the relationship with Bob through the Children's Healthcare of Atlanta Golf Classic as we further our efforts together to raise money for the patients and families we serve.

Sincerely,

Scott Hodoval
Vice President, Development
Children's Healthcare of Atlanta Foundation
